162 X 5.7MW turbines

JOB

1,000 construction jobs
40 permanent full-time roles

INVESTMENT

\$1.96 billion

ANTICIPATED CONSTRUCTION COMPLETION

2026

All information is correct at the time of publication

About the project

The MacIntyre Wind Farm, located in Southern Queensland, has been constructed on land predominately used for sheep farming. The site has been selected due to its exposure to consistent winds across this part of the country and provides a suitable resource for the development of a wind farm.

Leaders in renewable energy

ACCIONA Energía, the world's largest renewable energy company without a fossil fuel legacy, develops, builds, owns and operates renewable energy assets in Australia. We collaborate with communities to produce sustainable energy, create jobs, and contribute to establishing Australia's low-carbon economy.

Connection to Country

In the spirit of reconciliation, ACCIONA Energía acknowledges the Traditional Custodians of Country, the Githabul and Kambuwal Peoples and all First Nations people throughout Australia. We honour their connection to land, sea and community. We pay our respects to their Elders past, present and extend those respects to all Aboriginal and Torres Strait Islander people.

Location

The MacIntyre Wind Farm is located approximately 50km south-west of Warwick and 10km south of Karara in Queensland, crossing over the Goondiwindi and Southern Downs local government areas.

Community benefits

JOBS AND TRAINING

A commitment to sourcing as much work and supply as possible from local businesses has ensured the project has provided a significant economic boost and development opportunities that benefited our local communities. So far, over \$682 million has been invested back into Queensland businesses.

SCHOLARSHIP PROGRAM

Our Scholarship Program, delivered in collaboration with University of Southern Queensland, is open to local students to provide support to further their tertiary education. To 2025, 12 students have benefited from our initial \$100,000 investment.

JOBS

1,000 JOBS DURING
CONSTRUCTION
40 FULL-TIME ROLES
DURING OPERATIONS

**LOCAL
INVESTMENT**

\$682 MILLION
DURING CONSTRUCTION

DEDICATED COMMUNITY BENEFITS FUND

Our community benefits programs support both local charitable initiatives – events, projects and other initiatives which connect, education and improve health and sustainability locally. Over \$500,000 in small grants has been awarded, and we are increasingly investing funds in larger scale legacy initiatives which benefit thousands of individuals across the region.

JOBS AND TRAINING FOR LOCALS

The MacIntyre Wind Farm created around 1,000 jobs during the construction phase of the project, with over 40% of the hours worked being done by locals. Operations will see 40 permanent, local full time staff employed from a site office on the wind farm.

**SMALL
GRANTS**

\$500,000
AWARDED SINCE 2019

SCHOLARSHIPS

\$100,000
